BULLETIN No. 2

We have written you and mailed you copies of our surplus lists. We are glad to report that the trees are passing the winter in very fine shape indeed. We have had it quite cold here but they are taking the ups and downs of the mercury high up on our Cumberland plateau farms, out in the open fields.

We are not mailing you today a detailed count on our surplus, it is shifting so rapidly that these counts are not worth much, as almost daily some variety is sold out. But we do want your business this spring and we especially call your attention to the good quality of our peach and apple all of which have been grown from buds and scions cut from bearing orchards. We have absolute confidence that they will measure up to the traditions of the Red Star line and prove permanently satisfactory to you.

Please note these low prices for quality stock. All we ever ask is a FAIR PRICE but we are never willing to sell for less than that.

Prices are as follows;--

APPLE per 1000	1yr 3/4ft	\$175.00	4/5ft	\$250.00		
	2yr 4/5ft	225.00	4/6ft	275.00	5/7ft	\$325.00
PEACH per 1000	1yr & 1/2ft	75.00	2/3ft	125.00	3/4ft	150.00
	June Buds 3/5ft	200.00	4/6ft	250.00	5/7ft	300.00

EXCEPT the Wealthy for which we want 30c each.

Yours very truly

BULLETIN No 3

"I AM GLAD YOU CAN DO SO MUCH OF MY LIST AS I GET BETTER VALUE FOR MY MONEY FROM YOUR NURSERY THAN ANYWHERE ELSE."

This is an extract from a letter received today from a Pennsylvania orchardist who has been buying our trees for a number of years.

A fair price is all that we ask, but a fair price is necessary in order that we can give our customers a fair deal. We are never willing to sell our trees for less than what we feel is the cost of production and handling at a fair profit. When we get that we are satisfied. The following schedule of prices applies for immediate acceptance.

Prices are as follows;--

APPLE per 1000	1yr 3/4ft	\$175.00	4/5ft	\$250.00	
	2yr 4/5ft	225.00	4/6ft	275.00	5/7ft \$325.00
PEACH per 1000	1yr & 1/2ft	75.00	2/3ft	125.00	3/4ft 150.00
	June Buds 3/5ft	200.00	4/6ft	250.00	5/7ft 300.00

EXCEPT the Wealthy for which we want 30c each

Special attention is called to the fact that all these trees have been wintered out of doors in the open fields and they are in fine shape although we have had the roughest winter in many years. Our customers are getting unusually fine results from the planting of our trees due in part, I think, to the fact that they are full of vitality. Where they dig them early and coddle them in a cool house for months, they are obliged to deteriorate. We had one customer last year who put out 17,000 of our peach trees and only lost 13. Of course he took good care of them we don't begin to claim all the credit.

I hope we may hear from you now by return mail with your order for anything you may care to buy of us this spring, so that the trees can be reserved for you. Orders are pouring in now daily and it is only a question of a short time when our surplus will be exhausted. We started shipping last fall with nearly a million peach trees and this is all we have left of our original large stock, but these trees are graded up fully to our usual high standard and are firstclass trees in every sense of the world.

Yours very truly
